Published online: 10 June 2022

Following publication of the original article [1], the authors identified an error in the first paragraph of the ‘General characteristics’ subsection under the ‘Results’.

The sentence originally read:

The median dialysis vintage of PD and HD patients were 36 **years** (29,49) and 49 **years** (26.5,96) respectively and they ranged between 13 and 50 months for PD and one and 21 years for HD.

The sentence should read:

The median dialysis vintage of PD and HD patients were 36 **months** (29,49) and 49 **months** (26.5,96) respectively and they ranged between 13 and 50 months for PD and one and 21 years for HD.

The original article [1] has been corrected.
