# Correction to: A qualitative system dynamics model for effects of workplace violence and clinician burnout on agitation management in the emergency department

Ambrose H. Wong<sup>1\*</sup>, Nasim S. Sabounchi<sup>2</sup>, Hannah R. Roncallo<sup>3</sup>, Jessica M. Ray<sup>1</sup> and Rebekah Heckmann<sup>1</sup>

## Correction to: *BMC Health Serv Res* 22, 75 (2022)

<https://doi.org/10.1186/s12913-022-07472-x>

Following publication of the original article [1], the authors identified that two characters are missing in the word “Mutual” of Fig. 4e’s description. “Mutu” should be changed to “Mutual”. The correct Fig. 4 is shown below.

In addition, an additional funder needs to be added in the Funding section, and the complete Funding section should be “Ambrose H Wong is supported by the Robert E. Leet and Clara Guthrie Patterson Trust Mentored Research Award, KL2 TR001862 from the National Center for Advancing Translational Science (NCATS), components of the National Institutes of Health and the National Institutes of Health Roadmap for Medical Research, and K23 MH126366 from the National Institute of Mental Health. The funders had no role in the design and conduct of the study; collection, management, analysis, and interpretation of the data; preparation, review, or approval of the manuscript; and decision to submit the manuscript for publication.”

The original article has been corrected.
